

# Cast Stone Trophies Fully Modeled, 5 1/2" In Height

These fully modeled meticulously hand painted trophies come in 23 subjects. They are not to be confused with your standard resin trophies. They have an engraving area of 3 1/8" by 1 1/4". We show laser engraving directly on the stone, laser engraving on a black plate, and mechanical engraving on a satin brass plate. Some of the plates have been oxidized. We show one trophy actual size.
