

# The American Eagle Patriot Trophy Series

Below is our high quality line of metal clad resin eagles. They have a heavy electroplated coating of copper that is then plated in brass, silver, & copper. The bases are wood. Trophies come packed in Styrofoam boxes. The color of the plate matches the color of the eagle. If you prefer, we can substitute a black plate for any trophy at no additional charge. We strongly feel that our eagles are unmatched in the market place when it comes to intricate detail and finish. For engraving information please refer to pages 57 & 58. For medallion insert selection, see pages 27-31.

# The American Eagle & Flag Patriot Trophy Series

This high quality line of hand painted eagles and flags have no equal in the awards industry. We take great pride in the way our craftsman meticulously paint the eagles to achieve museum quality pieces. Each trophy is individually packed in a Styrofoam box. The plates on each piece are satin brass, if you prefer, we can substitute a black plate at no additional charge. We recommend a black plate for laser engraving logos. For engraving information, please refer to pages 57 & 58. Medallion inserts can be found on pages 27-31.
